

Minutes

Hiawatha Storm Water Advisory Committee

June 15, 2017 at 5:00 pm-6:00pm

City Hall Multi-purpose Room

1. Call to order-Present:

Kevin Neuendorf

Ethan Ronnebaum

John Bender-City Engineer

Patrick Parsley-Community Development Director

2 Minutes: John Bender provided the minutes of the March 23, 2017 meeting.

3 Discussion:

a. Report from Joe Griffin (IDNR)

- i. The discussion of the current requirements of the Citie's MS4 permit.
- ii. The discussion of the recommendations included in Joe Griffin's report.
- iii. At the next meeting John and Pat will provide recommendations as to how we can revise our processes in an effort to improve our compliance with the report.

b. Chapter 167 Filling, Grading, Erosion Control

- i. The preliminary discussion of this ordinance as how the grading permits are approved and regulated. Also discussed the fee structure.
- ii. Preliminary discussion as how this ordinance related to topsoil rule. Any revisions should include the process the City wants to use as it relates to new construction and how we address the preservation of topsoil. Staff will bring adding resources to the next meeting to discuss.

4 Other business:

- a. Future ordinance to review is the Flood plain ordinance, #161.

5 Other discussions

- a. Next meeting September 28, 2017

6 Adjourn
